## Fostering a Love For Reading in the Prince William Community

The Prince William Public Library Foundation (Foundation) is a 501(c)3 nonprofit organization established in 1997 to encourage community-minded citizens, organizations, and businesses to support Prince William Public Libraries (PWPL).

The Foundation's mission is to serve as a catalyst to develop innovative library services, to serve as a conduit to acquire grants to provide programs and services, and to raise funds through community interaction, all which support programs otherwise unavailable to PWPL.

PWPL cannot use the Prince William County budget for non-operational costs such as programs and program materials. These are fully funded by corporate and community sponsorships and grants.

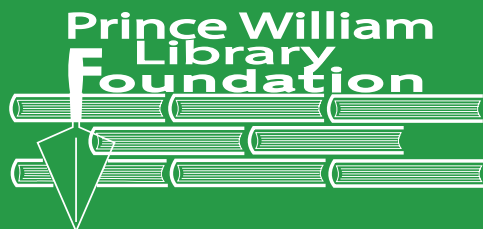

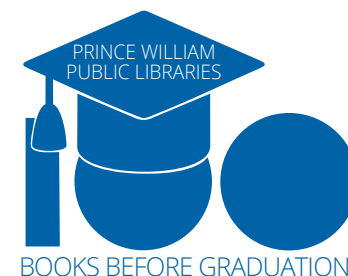

The Foundation secures funding needed to fulfill PWPL's vision of being the hub connecting people to the transforming power of information and to excel on its mission of bringing people, information, and ideas together to enrich lives and build community in a welcoming, inclusive environment.
